General Information.

 UR STOCK this year is much larger, better and more complete than formerly, and we solicit a continuation of orders from our patrons, and a trial order from all, feeling confident of our ability to do all we promise, and supply plants of merit.

Our Terms are Net Cash. To parties with whom we have had satisfactory dealings, or whose standing is known to us, we are willing to extend 30 days' time. Parties who are strangers, and who desire to open an account, should send references, but remember that this takes time, which is saved by remitting cash.

Remittances must be made by Draft, Express Order, Post Office Order, or Registered Letter. Do not send your local check (which will cost 15 to 25 cents to collect), unless you write on it, *with exchange*.

C. O. D. shipments will be made on receipt of one-quarter of the amount of the purchase.

Discount of 5 per cent. will be made on all orders of \$10 or more, except on *collections* and special offers.

Express Rates have been reduced 20 per cent. from merchandise rates, and all packages of less than 100 lbs. are billed at 100-lbs. rate. This is the only safe way to ship, and we will do so when not instructed otherwise.

Prepaid Express Rate of 10 cents for each one and one-half pounds, and half a cent for each additional ounce, is made when the purchaser remits, to cover charges. Thus a 4-pound package can be sent to any express office in the United States for 30 cents.

Plants are Mailed at half a cent per ounce.

Our Collections of Plants we call your especial attention to, as they have proved a success, are very popular, and as they save a great deal of time, we can afford to give a large number of choice plants at reduced price. Try them.

We have the Adams and American Express Companies, with close connections with all others. We cheerfully furnish information in regard to rates, estimates of weights of plants, etc.

TRANSPLANTING BOX.

We make a very neat and convenient box for growing Tomatoes, Peppers, Verbenas, Pansies, etc. It is divided into six apartments, each $2\frac{3}{4}$ inches square, and of equal depth. The sides are easily removed, and the plants slipped out, without in the least disturbing the roots or setting back the growth of the plant. We call the especial attention of gardeners and plant growers to this box, as it is unequalled for growing plants for market or home use, where it is desired to get plants of a good size early. Plants grown in these boxes find a ready sale at much better prices than where they are grown in the common way, and give better satisfaction. Thousands of boxes of Tomatoes are sold in this section annually, at prices ranging from 25 to 40 cents per box of six plants. Samples made up will be sent to any address on receipt of ten cents to pay postage.

REDUCED PRICE—100, not made up, \$2.50 ; 1,000, not made up, \$20.00 ; 500 at 1,000 rates, 50 at 100 rates. Nails for making boxes, 15 cents per pound ; half pound nails per 100 boxes.

* MAILING BOXES. *

Our New Style Mailing Boxes are the most simple and easiest put together of any box made. The sides and ends being made of one piece, with a groove for the bottom, they can be folded together very rapidly without the use of any nails whatever. The top is grooved so as to fit in and only has to be tied in place.

One corner of the box goes together with dovetailing, and by putting a little glue in the corners a very firm box is made.

Directions for Setting Up Mailing Boxes—New Style.

Moisten the corners a few minutes before using. Then with a small brush rub a little glue into the slot and also on the ends where dovetailed. Place the bottoms in the grooves and bend the piece around, driving the ends together with a small hammer or mallet. If one gets accidentally broken it can be easily nailed with short wire nails.

Square Plant Sticks, Painted Green, Tapering, Sharpened.

THESE WE HAVE BEGUN TO MAKE, feeling the need of a neat, strong, durable stick at a cheaper rate than they have been sold for before. Our sticks are made of strong, hard pine, sharpened, and tapering from the top, and painted green. We offer them very low. TRY A FEW OF THEM.

General Wholesale Price-List.

ABUTILON. The new Abutilons are, many of them, very fine and handsome, and as they are of very easy habit of growth, they are a most satisfactory plant.

Canary. Yellow; rich; very fine.

Golden Bells. Rich yellow; handsome.

Snow Storm. Pure white; beautiful.

Thompsonii plena. Flowers double; leaves mottled, orange color.

And others, in 2-inch pots, \$4 per 100.

ALTERNANTHERA. The Alternantheras are largely used now-a-days for ribbon lines and carpet bedding. They are such dwarf, compact growers that they are just suited for that purpose. We have grown them in large quantities, and are prepared for all orders.

Aurea nana. Yellow foliage, retaining its color well during the hottest weather.

Paronychioides major. The most brilliant colored kind, but not quite as strong and vigorous.

Amoena, Amoena spectabilis and versicolor.

New Black. A dark-leaved sort, working in well with the brighter hued sorts in ribbon and carpet bedding.

\$3 per 100, \$25 per 1,000.

ALOCASIA alba violacea. Plant something like *Caladium esculentum*, only darker leaves. 3-inch pots, \$15 per 100; 4-inch pots, \$25 per 100.

ASPARAGUS tenuissimus. A beautiful plant for decorative purposes, being greatly used in place of ferns now, and very popular wherever introduced. 4-inch pots, \$8 per 100.

ANTHEMIS coronaria fl. pl. (Double Golden Marguerite). A most valuable new plant, blooming continually both summer and winter. It is an excellent plant for cut-flowers, and is equally as valuable for bedding purposes in the summer, being nearly the only yellow flowering plant suitable for planting in ribbon beds and massing, being continually in bloom. \$5 per 100.

ALYSSUM, Double Tom Thumb. An exceedingly dwarf-growing variety, with long trusses of double flowers, which hold on for a long time. A most profuse bloomer, being literally covered with white flowers. A great improvement on the Single Tom Thumb. \$3 per 100.

Large Double White. \$3 per 100.

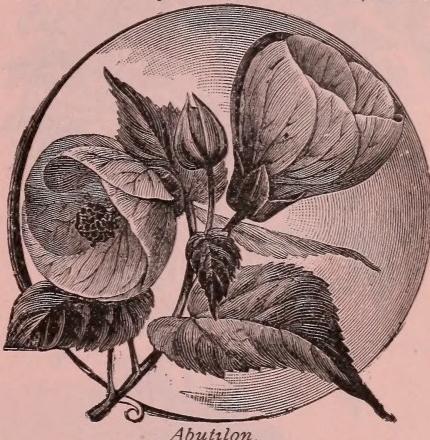

AMPELOPSIS Royalii. Said to be an improvement on *A. Veitchii*. 2-inch pots, \$8 per 100.

Veitchii. 2-inch pots, \$8 per 100.

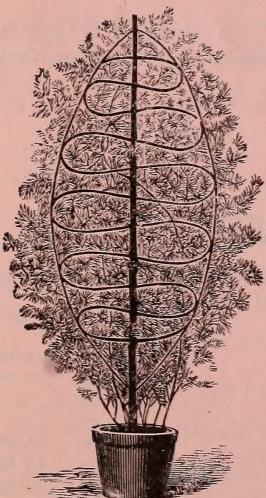

AMARYLLIS. A very interesting class of plants, producing showy and attractive flowers. The varieties we list are very rare and beautiful specimens.

Empress of India. Considered one of the very best in cultivation; of large size and grand form; glowing scarlet, with orange center and white eye. 4-inch pots, 75 cts. each; 5-inch pots, \$1 each; 6-inch, \$1.50.

Aurea. Golden yellow, very rare. 4-inch pots, \$2 each.

Abutilon.

Asparagus tenuissimus.

AMARYLLIS Corsaire. Orange-scarlet at edges, cherry red in center. \$1.50 each.

Begonia.

Marvelous. Long pointed leaves, with pink and white flowers produced abundantly. A strong-growing variety, and desirable in every way. 2-inch pots \$4 per 100, 3-inch pots, \$5 per 100.

Rex Varieties. The best assortment. \$8 per 100.

Glaucophylla scandens. \$6 per 100.

TUBEROUS BEGONIAS, Single, Double, Mixed. All colors. \$10 per 100.

NEW BEGONIAS. Bertha du Chateaurocher. A flowering species. Flowers like old Ascotiensis; differs from it, however, in having flowers of a bright currant red. A very free-flowering Begonia in the way of *Hybrida multiflora*. Very unique and pretty. 3-inch pots, \$4 per 100.

Gloire de Juoy. Color a pale bronze green, with green pile. 3 to 4-inch pots, \$20 per 100

Semperflorens gigantea rosea. Very vigorous and healthy; flower large, deep carmine-red. 3-inch pots, \$10 per 100.

Manicata aurea Mac. 3-inch pots, \$20 per 100; 4-inch pots, \$35 per 100.

Olbia. \$25 to \$30 per 100.

DIEFFENBACHIA magnifica and illustris. Two fine varieties. \$25 per 100.

DRACÆNA indivisa. A most valuable plant for centers of beds or vases, baskets, etc., with its graceful, drooping foliage, it is exceedingly handsome. 4-inch pot plants, fine, \$20 per 100; 2-inch pot plants, \$5 per 100.

DOUBLE TIGER LILY. Similar to the single variety, only the flowers are double, making a much handsomer flower and plant. \$10 per 100.

White Calla Lily.

CROTONS. Among the most beautiful of variegated plants. The leaves are in many varieties curled and twisted in a most fantastic way, and they are all of them beautifully marked and blotched with yellow and red. They are of very easy culture, and should be in every collection. We have greatly reduced the price of them. Useful for bedding out.

Aurea maculata. Small narrow-leaved, deep green, maculated with yellow. 2-inch pots, \$4 per 100; 3-inch pots, \$5 per 100.

Our New Idea Labels.

As you have probably noticed, many tree labels remain on the trees long after they are sold (sometimes several years), and as a nurseryman's tree is his best advertisement, it would be well to have his name and address on the labels.

We supply No. 1, No. 0, (3½ inches long.) printed with name and address on one side and variety of tree on other.

No. 0 or 1 Printed or Pot labels, 3½ inches, both sides. \$1.20 per 1,000 in 10,000 lots, \$1.40 Painted, 10 cts. extra per 1,000.

Mailing Boxes.

Our new style Mailing Boxes are the most simple and easily put together of any box made. The sides and ends being made of one piece, with a groove for the bottom, they can be folded together very rapidly without the use of any nails whatever. The top is grooved so as to fit in, and only has to be tied in place.

One corner of the box goes together with dovetailing, and by putting a little glue in the corners a very firm box is made.

 Samples with other goods, free. By mail, 5 cts. for postage.

We charge for packing boxes for mailing and express boxes at actual cost to us, namely: 10 to 25 cts. per 1,000, and as these boxes can be all used again the purchaser loses nothing.

Box and Thin Lumber.

This is extremely convenient for nurserymen and florists needing boxes of varying length and sizes, as they can cut it to suit their needs.

We cut any size and length to order. Prices on application.

6 feet long, 4 to 6 inches wide, $\frac{1}{4}$ -inch thick, \$1.25 per 100 square feet.

6 feet long, 4 to 6 inches wide, $\frac{3}{8}$ -inch thick, \$1.40 per 100 square feet.

6 feet long, 4 to 5 inches wide, $\frac{1}{2}$ -inch thick, \$1.75 per 100 square feet.

6 to 12 feet long, 4 to 10 inches wide, $\frac{3}{8}$ -inch thick, \$1.75 per 100 square feet.

Special prices on large quantities. Larger lengths cut to order.

Transplanting Boxes.

We make a very neat and convenient box for growing Tomatoes, Peppers, Verbenas, Pansies, etc. It is divided into six apartments, each $2\frac{3}{4}$ inches square and of equal depth. The sides are easily removed and the plants slipped out, without in the least disturbing the roots or setting back the growth of the plant. We call the especial attention of gardeners and plant growers to this box, as it is unequalled for growing plants of a good size early. Samples made up will be sent to any address on receipt of 10 cents to pay postage.

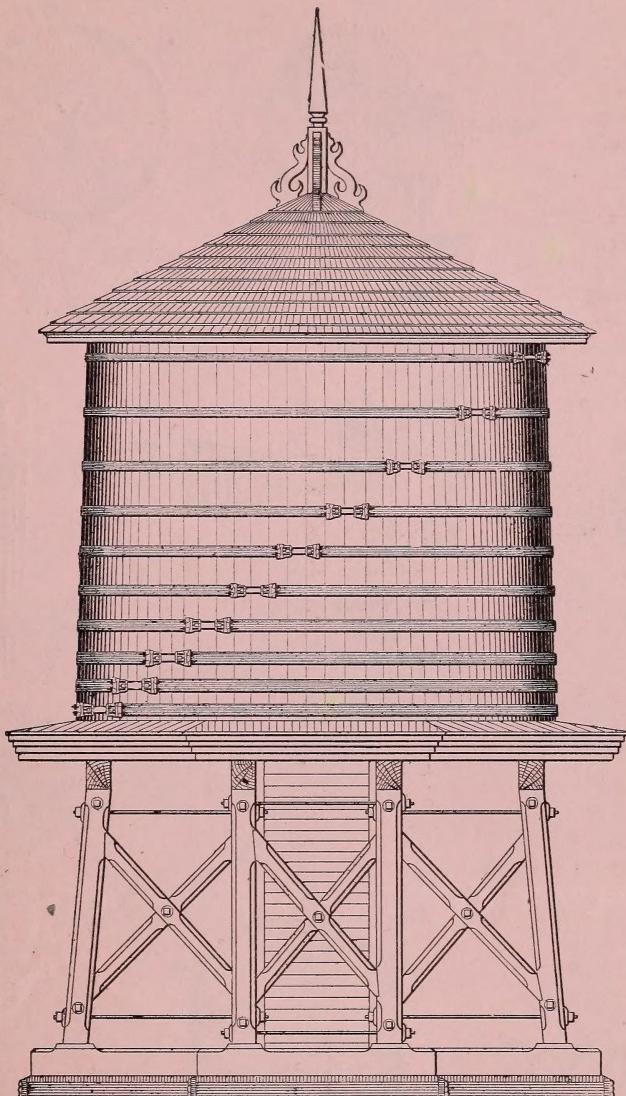

REDUCED PRICE. 100, not made up, \$2.50; 1,000 not made up, \$20; 500 at 1,000 rates, 50 at 100 rates. Nails for making boxes, 15 cts. per lb.

We also make any size of Transplanting Boxes desired at a small advance over these prices.

We handle printed shipping tags, envelopes and general supplies. Send for List.
